

SwingUp Literature Rack

Offer your printed material in an organised way

Mark Bric **SWINGUP**
A Family of Dependable Displays

Ideal at exhibitions, trade shows, in showrooms, receptions etc.

A literature rack loaded with plenty of brochures can be rather heavy. Mark Bric offers a bag on wheels, as well as the regular carrying bag.

Just unpack, pull up and SwingUp is ready. With all the material on the shelves.

Our foldable literature rack for organising and displaying brochures, flyers and catalogues, is an excellent addition to the Mark Bric product range of portable displays. Extremely user-friendly!

The 5-shelf stand comes flat-packed in a strong nylon bag and unfolds in seconds.

The high-tech and timeless design, combined with top quality and durability, guarantees many years of daily use. Available in two attractive finishes: Matt black or silver grey. Ideal at exhibitions, trade shows, in receptions, showrooms, shops etc. – that is, on any occasion where there is a need to display and hand-out your printed material.

A Flexiframe header frame in size A4 can be mounted on the SwingUp.

Each shelf on the SwingUp unit can be divided vertically using our "shelf dividers".
